Connecticut 2028

MAY 7-10, 2028

Foxwoods Resort and Casino

CONNECTICUT 2028… IT WILL BE HERE BEFORE YOU KNOW IT!

Article by Betsy Quist – President-Elect 2028

We made WAVES in 2022 with an outstanding educational lineup, and in 2028, we're DOUBLING DOWN!

Mark your calendars for May 7–10, 2028, as Connecticut welcomes you to what promises to be an unforgettable NRAAO conference!

We have secured an AMAZING room rate of just $119 per night! Want to arrive early? We've got you covered! Saturday night will be available at a special rate of $299, you can also extend your stay at the $119 rate for an additional night.

THREE DAYS OF EXCEPTIONAL EDUCATION

We're putting together three full days of outstanding educational opportunities, with a lineup designed to inform, inspire, and give you plenty of opportunities to take what you learn back to the office.

And we haven't forgotten about your companions! Bring them along—while you're busy "getting smart," they'll have a complete schedule of activities and events to enjoy.

MORE THAN JUST EDUCATION

Foxwoods Resort & Casino is a destination all by itself, offering retail shops, fantastic restaurants, entertainment, and, if you're feeling lucky, plenty of casino action.

And don't forget about nearby Mystic, just 10 miles away! Mystic was the destination of Connecticut's 2017 conference and continues to offer wonderful shopping, sightseeing, attractions, and restaurants.

VENDORS, NETWORKING & FUN!

We'll kick things off with an evening with our vendors, giving them a special opportunity to showcase their newest technology, products, services—and, of course, plenty of SWAG!

Monday morning will feature our traditional morning meeting, and we're working hard to secure a keynote speaker who will make a lasting impression on your NRAAO experience.

Of course, no Connecticut conference would be complete without golf and additional evening activities, giving everyone plenty of opportunities to relax, reconnect with old friends, make new ones, and have some fun outside of the classroom.

STAY TUNED! We'll be working diligently over the coming months to put together a memorable Connecticut Conference that combines exceptional education, great networking, and plenty of fun. So save the dates, start making your plans, and stay tuned for more details at the Massachusetts Conference this spring!
